March 2020

The Nursing division has updated the curriculum to improve the student experience and provide LVN to RN students their own cohort. The LVN to RN Bridge will provide a more tailored program that assists faculty to better concentrate on their success. The anticipated start date for LVN-to-RN students is summer 2020. The proposed change includes a 12-month accelerated format using the latest instructional strategies to better accommodate working nurses. This approach will provide an improved pathway for future Vocational Nursing graduates to advance their career to become a registered nurse. The proposed curriculum revisions have been reviewed and approved by the Texas Board of Nursing.

COURSE REVISIONS

RNSG 1118 Transition to Professional Nursing Competencies
Transition to professional nursing competencies in the care of patients throughout the lifespan. Validates proficiency in psychomotor skills and clinical reasoning in the performance of nursing procedures related to the concepts of: clinical judgment, comfort, elimination, fluid and electrolytes, nutrition, gas exchange, safety, functional ability, immunity, metabolism, mobility, tissue integrity. Includes health assessment and medication administration. This course lends itself to a concept-based approach. Prerequisite: Admission to the AAS - Nursing (RN) (LVN/Paramedic/Medic Bridge) Program. Major Requirement: AAS - Nursing (RN). Prerequisites: Admission to the Nursing Program and consent of Program Director. 1 credit hour. (W)

RNSG 1128 Introduction to Health Care Concepts
An introduction to concept-based learning with emphasis on selected pathophysiological concepts with nursing applications. Concepts include acid-base balance, fluid and electrolytes, immunity, gas exchange, perfusion, metabolism, coping, and tissue integrity. This course lends itself to a concept-based approach. Prerequisite: Admission to the AAS - Nursing (RN) Program or consent of Program Director. Major Requirement: AAS - Nursing (RN). Prerequisites: Admission to the Nursing Program and consent of Program Director. 1 credit hour. (W)

RNSG 1430 Health Care Concepts I
In-depth coverage of foundational health care concepts with application through selected exemplars. Concepts include comfort, diversity, elimination, functional ability, human development, mobility, nutrition, sensory perception, sleep, thermoregulation, grief, and tissue integrity. Emphasizes development of clinical judgment skills in the beginning nurse. This course lends itself to a concept-based approach. Lab required. Prerequisite: Admission to the AAS - Nursing (RN) Program. Corequisites: RNSG 1125, RNSG 1128, RNSG 1161 and RNSG 1216, or consent of Program Director. Major Requirement: AAS - Nursing (RN). Prerequisites: Admission to the Nursing Program and consent of Program Director. 4 credit hours. (W)
RNSG 1533 Health Care Concepts II
In-depth coverage of health care concepts with application through selected exemplars. Concepts include acid-base balance, coping, clotting, cognition, fluid and electrolytes, gas exchange, immunity, metabolism, nutrition, comfort, and perfusion. Provides continuing opportunities for development of clinical judgment skills. The course lends itself to a concept-based approach. Lab required. Prerequisites: RNSG 1125, RNSG 1128, RNSG 1161, RNSG 1216 and RNSG 1430, all with a grade of "C" or better; or consent of Program Director. Corequisites: RNSG 1126 and RNSG 2361, or consent of Program Director. Major Requirement: AAS - Nursing (RN). Prerequisites: Admission to the Nursing Program and consent of Program Director. 5 credit hours. (W)

RNSG 1538 Health Care Concepts III
In-depth coverage of health care concepts with nursing application through selected exemplars. Concepts include cellular regulation, end of life, immunity, interpersonal relationships, grief, human development, intracranial regulation, mood/affect, comfort, sexuality, mobility, and reproduction. Provides continuing opportunities for development of clinical judgment skills. This course lends itself to a concept-based approach. Lab required. Prerequisites: RNSG 1126, RNSG 1533 and RNSG 2361 all with a grade of "C" or better; or consent of Program Director. Corequisites: RNSG 1137 and RNSG 2362, or consent of Program Director. Major Requirement: AAS - Nursing (RN). Prerequisites: Admission to the Nursing Program and consent of Program Director. 5 credit hours. (W)

RNSG 2539 Health Care Concepts IV
In-depth coverage of advanced health care concepts with nursing application through selected exemplars. Concepts include, cognition, immunity, clotting, fluid and electrolyte balance, gas exchange, metabolism, nutrition, perfusion, tissue integrity, and interpersonal relationships. Continuing development of clinical judgment with integration of all health care concepts. This course lends itself to a concept-based approach. Lab required. Prerequisites: RNSG 1137, RNSG 1538 and RNSG 2362 all with a grade of "C" or better; or consent of Program Director. Corequisites: RNSG 2138 and RNSG 2363, or consent of Program Director. Major Requirement: AAS - Nursing (RN). Prerequisites: Admission to the Nursing Program and consent of Program Director. 5 credit hours. (W)
The Collin College Academic Policy and Procedures Committee examined the minimum number of semester credit hours (SCH) that must be earned at Collin College. The committee proposed that 25% of the SCH hours must be earned at Collin College. The proposal was opened for public comment and no public comments contradicting the proposal were received. As a result, the following statements have been updated in the *Degree Requirements* subsection:

**Associate of Arts Degree Requirements**
The Following requirements must be met for an AA:
1. Earn a minimum of 60 college-level credit hours.
2. Complete the General Education Core of 42 credit hours.
3. Earn a minimum of cumulative grade point average (GPA) of 2.0.
4. Earn a minimum of 18 credit hours at Collin College.
5. Complete a minimum of 18 additional credit hours of degree requirements and general studies electives.

**Associate of Science Degree Requirements**
The Following requirements must be met for an AS:
1. Earn a minimum of 60 college-level credit hours.
2. Complete the General Education Core of 42 credit hours.
3. Earn a minimum of cumulative grade point average (GPA) of 2.0.
4. Earn a minimum of 18 credit hours at Collin College.
5. Complete a minimum of 18 additional credit hours of degree requirements and general studies electives.

**Associate of Arts in Teaching Degree Requirements**
The Following requirements must be met for an AA:
1. Earn a minimum of 60 college-level credit hours.
2. Complete the General Education Core of 42 credit hours.
3. Earn a minimum of cumulative grade point average (GPA) of 2.0. Students should be aware that most four-year colleges require a minimum cumulative GPA of 2.5 for admission to their teacher certification programs.
4. Earn a minimum of 18 credit hours at Collin College.
5. Complete all the courses listed for one of the tree AAT diplomas:
   - AAT – Early Childhood – Grade 6
   - AAT – Middle Grades (Grades 4 – 8)
   - AAT – High School (Grades 8 – 12)

The *Baccalaureate Degrees* subsection under *Academic Programs* was also updated as follows:

The Bachelor of Science in Nursing (BSN) or the Bachelor of Applied Technology (BAT) in Cybersecurity are awarded to students who earn a minimum of 120 college credit hours, 25 percent of which must be earned at Collin College (30 SCH).
Baccalaureate Degree Requirements
1. Earn a minimum of 120 college-level credit hours
2. Complete the General Education Core of 42 credit hours.
3. Earn a minimum of 30 credit hours at Collin College.
4. Complete all other requirements specific to each degree.

Program Revisions

AAS – Computer Networking – Systems Track (Microsoft-focus)
60 Credit Hours

Modified to reflect course revisions that resulted from the elimination of the following Microsoft certifications:
