International Student Office • Collin College

## Purpose of Form

F-1 students may request to transfer their SEVIS record to another school. Students must seek admission to the new school and get an acceptance letter. Release date should be determined by student after taking in consideration time needed to complete the transfer at the other institution, possible travel before semester start date, the student's 60-day grace period, I-20 expiration, or and deadlines from transfer-in school. Please note, if the student is currently enrolled, Collin College cannot release the SEVIS record until one day after final exams of the semester.

Once ISO completes your transfer, we do not have access to your record. Please contact our office before the release date, if you change your mind or want to transfer to another institution.

OPT Students: For students on active Post-Completion OPT, the work authorization will end the day the SEVIS record is transferred. Students must receive new I-20 before the end of their 60-day grace period and begin new program within 5 months of SEVIS transfer or OPT completion, whichever is earlier.
