

Welcome Squad Volunteers Needed!

Hello Faculty, Staff and Administrators!

Your expertise is needed to navigate our students for success. We need your time to help our students begin their semester with a positive step (literally).

Twenty minutes of your time could save a full day's stress of a student. This is a great opportunity for service hours and to assist students who are unfamiliar with our building codes or the landscape of our campuses.

Let's create a positive experience for our new students and build an atmosphere of community!

Thank you for your
**Service &
Involvement!**
