Sitting on just under 100 acres, with approximately 44 acres donated by the city of Wylie, the new campus will be located along Country Club Road across from the Wylie Municipal Complex. Phase one of the Wylie Campus development includes three multi-story instructional buildings that function as the Library, Campus Commons, and Student Center with conference center facilities.

**FACTS**

- **Campus** – 339,000 total S.F.*
- **Student Center** – 143,000 S.F.* with Conference Center facilities
- **Campus Commons** – 114,000 S.F.*
- **Library** – 69,000 S.F.*

*Located at 391 Country Club Road in Wylie*  

*approximate square footage*
Library is home to the Honors Institute and the Anthony Peterson Center for Academic Assistance, which houses a math lab, a writing center, and a science den. The expansive building offers students the opportunity to study together in comfortable, collaborative spaces with open-seating areas or take advantage of quiet study rooms.

Students will experience a warm welcome in the Campus Commons building. Featuring wooden accents, the Campus Commons is home to the Welcome Center, Career Center, state-of-the-art science labs, and CougarFit, a fitness center with the latest exercise equipment. The Campus Commons also offers admissions, advising, career services, financial aid, and veterans assistance.

Whether the goal is to relax, grab a bite to eat, meet with friends over coffee, get school supplies, or let creativity soar, students can find what they are looking for in the new Student Center. This area includes Mama Lucido’s café with a Starbucks bar, and a Barnes & Noble bookstore as well as student engagement facilities, art studios, and music practice rooms. In addition, a spacious conference center is connected to the campus Student Center.
