

Collin College - Continuing Education

Course Syllabus

Course Title: Nitrous Oxide Course and Exam

Course Number: DENT 5275

Course Description: Designed to prepare the dental auxiliary to obtain certification in nitrous oxide monitoring as mandated by the TSBDE.

Course Prerequisite(s): RDA, RDH

Hours: 8

Student Learning Outcomes:

1. Learn Texas Jurisprudence relating to Nitrous Oxide
2. Discuss and recognize management of medical emergencies
3. Review sedation in pediatric dentistry
4. What is social use and abuse of nitrous oxide

Course Objectives: At the completion of this course, each student will have received preparation for taking the TSBDE exam for dental auxiliaries to monitor patients on nitrous oxide sedation, and will be given instructions for completing the application process for licensure.

Textbook(s):

Provided, and will be distributed on the day of the course.

Withdrawal Policy: See the current *Career Skills Training* catalog for the tuition refund policy.

Collin College Academic Policies: See the current *Collin Student Handbook*.

Americans with Disabilities Act: Collin College will adhere to all applicable federal, state and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal opportunity. It is the student's responsibility to contact the ACCESS office, SCC-G200 or 972.881.5898 (V/TTD: 972.881.5950) to arrange for appropriate accommodations. See the current *Collin Student Handbook* for additional information.

Meeting Location: Central Park Campus

Method of Evaluation: Students must achieve a minimum of 70% on the State Board Exam and in attendance of 100% of the class time in order to pass competencies.

Attendance Policy: Students must be in attendance for 100% of class time in order to pass competencies.

Lessons:

Session 1: Review, prepare, and take state exam
