

Do you need your employment or income verified?

We are pleased to announce that Collin College now uses The Work Number® to provide automated employment and income verifications for our employees. This typically will not require any action on the part of our employees.

The Work Number from Equifax is a fast and secure way to provide proof of your employment or income—a necessary step in many of today's life events including obtaining credit, financing a home or automobile, obtaining a housing lease or securing government benefits or services. The Work Number simplifies the verification process and accelerates qualifying decisions through an online system available to verifiers 24 hours a day, 7 days a week.

Hundreds of thousands of credentialed verifiers rely on The Work Number for rapid access to information critical to their decision process, and thousands of employers nationwide have entrusted The Work Number to provide this important service on behalf of their employees.

Additionally, the employees who work for organizations that contribute information to The Work Number can access one (1) free Employment Data Report (EDR) each year through www.theworknumber.com. The EDR provides complete historical employment and income information, as well as a listing of verifier requests for the past two years.
