**Disposal of College  
District Property**

The District President or designee is authorized to declare College District property, including materials, equipment, vehicles, and supplies, to be unnecessary.

If the unnecessary property has value, the District President or designee will:

1. Dispose of the unnecessary property for fair market value;
2. Dispose of the unnecessary property through a method expressly authorized by law; or
3. Approve an alternative method of disposal that may result in less than fair market value, such as an auction open to the public. Before approving the disposal of the unnecessary property for less than fair market value, the District President or designee will determine that the conveyance is not a gift of public funds by making the following findings:
  - a. The predominant purpose of the alternative method of disposal is to accomplish a public purpose, not to benefit private parties;
  - b. The College District will retain sufficient control over the disposed of items to ensure the public purpose is accomplished and to protect the public's investment; and
  - c. The College District will receive a return benefit.

If the unnecessary property has no value, the District President or designee may dispose of such property according to administrative discretion.

Items obtained with federal funds or as federal surplus will be managed according to federal regulations.

**Disposal of  
Abandoned or  
Unclaimed Personal  
Property**

The District President is authorized to dispose of a third parties' abandoned and unclaimed personal property in accordance with College District regulations. These regulations will address, but not be limited to, the following topics:

1. Notices of lost and found locations posted at appropriate places or described in College District publications and that include procedures for reclaiming lost articles and time frames for the College District to dispose of unclaimed property.
2. A range of options for locating owners of abandoned property that is not turned in to a lost and found location. These options may address such items as abandoned cars or other large items.
