**Associate of Applied Science Degree (AAS)**

- An AAS Degree in a job-specific field usually requires four semesters of study to complete 60-68 semester credit hours.

- Most of these hours are directly related to the job field, but...

- **All AAS degrees require a minimum of 15 credit hours of general education.** This would include classes such as English, Math, Psychology, or Biology.

- Some AAS degree plans allow students to choose from a selection of specified courses to meet their general education requirements. If options are listed in the degree plan, refer to the table of:

  **AAS WORKFORCE GENERAL EDUCATION REQUIREMENT AND OPTIONS**
