Need to know what courses you have remaining to complete your degree? Do a degree audit and take control of your future!

Follow the instructions below:

*the audit will not include courses you are currently registered for*

1. Go to www.collin.edu

2. Log into CougarWeb

3. Under Student Quick Links (top box, right corner), choose the 10th option “Degree Audit”

4. Select the current term in which you are enrolled. Click Submit.

5. Look at the Curriculum Information and determine if that is the degree you want to audit. If it is, click on “Generate New Evaluation.” Please note the catalog term.

6. Click the circle directly to the left of the listed degree plan, change the term to the semester and year that was stated on the previous page and then press “Generate Request”

7. If you would like to do a degree audit on a different degree than what is listed under your curriculum information, then choose “What-If-Analysis.”

8. Choose the term that represents the catalog you would like to follow.

9. Choose the program you want evaluated and press continue.

10. Confirm the major you want evaluated again under First Major, then press Submit.

11. Evaluation term will automatically populate. “Click Generate Request.”
