ASSOCIATE FACULTY BENEFITS

Collin County Community College District (Collin College) Associate Faculty members, who meet the following specific criteria (as authorized in SB 1370), may elect to participate in the Texas Employees Group Benefits Program (GBP).

**Eligibility:**
An associate faculty member teaching credit classes at Collin College is eligible to participate in the group benefits program if the faculty member:
1. receives compensation from Collin College as an Associate Faculty member; and
2. has been employed as an Associate Faculty member by Collin College and has taught at least one course in each regular fall and spring semester in each of the preceding three academic years; and
3. is under contract or scheduled* to teach at least 12 semester credit hours in the academic year of coverage.

**NOTE:** Associate faculty members, who are eligible and elect to participate in the GBP after September 1, 2004, will have a 90-day waiting period for health insurance coverage. Any enrollment changes after initial eligibility must be in accordance with ERS rules and may require evidence of insurability application and approval. All other insurance plans must be elected within thirty (30) days of initial eligibility. Eligibility is determined as of the 1st day of classes for each long academic semester.

**Eligibility for these benefits does not constitute an employment contract or a promise of future employment.**
“Scheduled to teach” shall mean an associate faculty member as scheduled on SIAASGN as of the first class day of a fall and/or spring semester.
