Ad Astra Scheduler

Collin Ad Astra Login Instructions

There are two ways to log-in to Ad Astra. The best way is to type in your browser URL (Chrome browser is the best), Collin.OneLogin.com. You will be prompted to enter your Collin username and password.

Click on the **“Collin College Everything”** tab, and then click on the Ad Astra tile. It will automatically send you to the Ad Astra application.

The second option is to login to CougarWeb.

If the **Ad Astra Event Scheduling** widget is not on the first page, click **Find New Widgets**, and type Ad Astra, and select **Add to Dashboard**.

On the **Ad Astra Event Scheduling** widget, click on the **Event Scheduling** tab.

Event Scheduling

On the first screen, you can click on the **Ad Astra Event Scheduling application**, you will be prompted to enter your Collin username and password. This step will take you into the Ad Astra Event Schedule application.

Ad Astra Scheduler

[Home](#) — [About Us](#) — [Conference Services](#) — [Ad Astra Scheduler](#)

The Collin **Ad Astra Event Scheduling application** plays a key role in academic scheduling and room requests. Customized request forms have been created for each campus to efficiently schedule all instructional spaces (classrooms/computer lab), small

Scheduling Grid Tutorial

The Scheduling Grid is located directly off the Ad Astra homepage. To get to the **“Scheduling Grid,”** click on the **Calendars** tab and select **Scheduling Grid**.

The default calendar displays your home campus. Below, the calendar displays Frisco for a Frisco Campus user.

The **“Scheduling Grid”** is where you spend most of your time on the Ad Astra Event Scheduler application. It is an effective tool that helps you see what is happening at your campus throughout the day.

The grid has a variety of filters to navigate you better and help you locate the information you need. You can adjust the filters to your preference: Room, Building Code, Building Name, Campus, Type, and Capacity.

Here are some ways to best utilize the Scheduling Grid filters. Hover over the **“Building”** box, select the down arrow, and then select the **“Columns”** option; click the arrow next to the **“Columns”** option.

Deselect, Building Code, Building Name, Campus and Type. The only filters left are Room and Capacity.

Move this line behind Capacity to get a larger landscape of the day.

Another applicable adjustment is to select 500 at the bottom of the “**Scheduling Grid.**” The default is 100; to view one page for larger campuses, make your selection 500.

Selecting 500 enables you to scroll from top to bottom and see the entire campus.

View Dates:

To select the date you would like to view, click on the drop-down arrow next to the date shown in blue (the image below shows the date of June 10, 2025). A calendar will appear, and you can select the date you want to view (To advance to a month, click the double arrows facing left . To advance to a year, click the drop-down arrow next to the month and year).

An important note regarding the colored items on the Scheduling Grid. Blue items are classes built in the Student Information System, Workday. Green items are events created within the Ad Astra Event Scheduler. An event cannot be scheduled or reserved on the Scheduling Grid.

To reserve an instructional space or small conference room, please use the Campus Request Forms located in the center of the Ad Astra Event Scheduler homepage. For an Academic or Workforce Division event, [click here](#) to visit the Ad Astra Internal Request Forms page.

Event and Section Filters

To view a list of events or meetings scheduled, you can view these items on the **Events List** page. Click on the **Events** tab and select **Events** under **Events Management**.

A list of events is displayed under the **Events List** area. On your initial visit to this page, you must expand the Filters panel. On the far left of the Ad Astra screen, you will see a column with “Filters” vertically written and an arrow on top of filters. Click on the arrow, and a filter panel will appear.

A key function with the filter panel is saving a default filter; e.g., if you are located at the McKinney Campus, you would save McKinney as your default filter. Here are the steps in creating your default filter:

- Click on **Clear All** to remove any filter options previously selected (This ensures you have no dates saved, which allows you to insert different dates at various times).

- Select **Scheduled** from the options on **Event Status** and **Scheduled** from **Event Meeting Status** (Make sure you select **Done** after selecting your options).

- Select your **Campus** in the **Campus** options (e.g., if you are at McKinney, select the McKinney Campus for both **Campus** and **Building** (again, make sure you always select **Done** when choosing an option; this saves your choice).

- Click on the **Save** icon below the **Search** button with a magnifying glass, and it will prompt you to name your filter. Place a checkmark in the **Set as Default**, and click **Save**.

Do note that with a default filter set, you must clear your filter when looking for events or meetings at other campuses.

The **Event** and **Section** filters have common functions, except for the filter options. **Event** filters deliver event details, and **Section** filters deliver academic scheduling details (Subjects, Meeting Times and Instructional spaces). The significant difference with the **Section** filters is selecting a **Term**, **Subject**, **Campus** and **Building** for your filter. You also have the option to select a **Course**, **Instructor** or **Room**.

Section Filters

Follow the same steps above to expand your **Filter** panel. Begin your search by inserting a **Term**. Click on the **+** icon across **Term**, type the year of term you are searching for in the Search box, Click **Done**.

To insert a **Subject**, click the + icon, insert the subject in the **Search** box, and click **Done**.

The screenshot shows the 'Filter' sidebar on the left with various categories: Days Met, Term, Subject, Course, Instructor, Campus, Building, Room, and Department. The 'Subject' category is highlighted with a yellow box and a '+' icon. To the right, a 'Select Items' modal is open, showing a search box with 'biol' entered and a list of items where 'BIOL' is selected with a checkmark. At the top right, a table lists existing events with columns for status (red X), ID (ABDR 1291/002 Co...), days (MW), and dates (03/24/2025, 03/23/2026). The bottom of the sidebar shows 'Meeting Status: All' and 'Meetings with: All'. The bottom right of the main area shows '1-1 of 1' and a 'Done' button.

To insert a **Campus**, click the + icon, insert the campus code (locate a listing of the campus codes on the Ad Astra Event Scheduler homepage), click **Done**.

This screenshot is similar to the previous one, but the 'Campus' category in the sidebar is highlighted with a yellow box. The 'Select Items' modal is open, showing a search box with 'Enter search text' and a list of campus codes: AL, CC (selected with a checkmark), CEC, CHE, CY, FVC, PC, PSC, RB, and SC. The table at the top right and the bottom status area are identical to the previous screenshot.

Click on the **Search** button at the top to view your results.

The screenshot shows the top of the interface with a blue 'Filter' bar. Below it, there is a link 'Show Current Filter' and a yellow 'Search' button with a magnifying glass icon.

Select a **Campus** and follow the exact steps above to **Save** the **Campus Default filter**.

Important Note on Section Default Filters: With a Term Default filter, a new Term Default filter must be made at the end of each term.

Request Forms Quick Reference Guide

Submitting a Request Form and Cancellations or Rescheduling Instructions

Each campus **Classroom, Computer Lab, and Small Conference Room Request Form** has an easy and uniform process. Outlined are the steps for the request forms:

- 1) Fill in all the required boxes: Meeting Name, Estimated Attendance, Your Name, Your Email, Phone Number, and Event Type.

Special note on the "Your Name" box: begin typing your **last name**; if it appears, click on it, and Collin Faculty and Staff will automatically populate in the "Customer" box. If your name does not appear, type "Unlisted" and select the "Unlisted, Unlisted" option that appears. Type your **first and last name** in the "Unlisted Only Field." If your name appeared, **please place NA in the "Unlisted Only Field."**

By default, "Your Email" should appear.

Please do not place your four-digit extension in the "Your Phone Number" box; **instead, put your 10-digit office number.** Use a cell or a department number if you do not have an office number. A complete phone number ensures someone can contact you in case a complication or emergency arises with the room you requested.

- 2) Purpose of Your Event is required: Describe the reasoning behind your meeting and the use of the instructional space or small conference room.
- 3) Select **"Add Meeting"** to select your time/date. If you choose a classroom or computer lab, adding 10 minutes to your start and end time is highly recommended to avoid conflicts with a class's start or end time. Place a **"Max Attendance"** number. The "Max Attendance" number ensures you only see available rooms within the number of seats you requested.
- 4) Select a room by clicking on the **"Assign Rooms"** tab.
 - a. Each Campus Request Form has a filter to the left of the display box. Click on the 'grey down' arrow button to see an option for classrooms, computer labs, or small conference rooms.
 - b. The right side of the dialogue box displays rooms; to place them in numeric order, click on the **Room** box. To view the room's features, hover over the **circled dot** in front of the room number.

- c. Select the room by clicking on the **Assign Rooms** box next to the room you request. Click **OK**.
- 5) Once your request form is submitted, you will receive an email notification from **noreply@aais.com** that states, **"Your event request was successfully received and is being reviewed."**

If the approver needs more information regarding your request or **when your event is approved**, you will receive an email from notifications@aais.com.

Detailed steps for Multiple Dates:

Steps to Create Multiple Dates

- 1) When the Create Event window opens, select **Multiple**.

The screenshot shows the 'Create Meeting(s)' window. At the top, there are three radio buttons: 'Single', 'Multiple' (which is selected and circled in red), and 'Recurring'. Below these are two time pickers: 'Start Time' set to '10:30 AM' and 'End Time' set to '11:00 AM'. Under the 'Start Time' picker, there is a calendar for 'June 2025'. The calendar shows days of the week (S, M, T, W, T, F, S) and dates (1 through 28). The date '11' is highlighted in blue. To the right of the calendar is a blue arrow pointing right. On the right side of the window, there is a section titled 'Meetings' with a blue header bar.

Select **Start Time** and **End Time**.

- 2) Click the calendar to select a series of dates and times, e.g., Monday and Wednesday, 9:00 a.m. – 10:00 a.m. and Tuesday and Thursday 1:00 – 2:00 p.m.
- 3) Enter the first group dates/times (Monday and Wednesday 9:00 a.m. – 10:00 a.m.). A dialogue box will prompt you to add a meeting group name. Type a

name similar to your dates/time: AM. Click the **center arrow button** to add your meeting times to the meeting list on the right.

Create Meeting(s)

☐ Single ☒ Multiple ☐ Recurring

Start Time: 8:50 AM End Time: 10:10 AM

Today Clear

June 2025

S	M	T	W	T	F	S
1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	1	2	3	4	5
6	7	8	9	10	11	12

* Meeting Name: Test Ad Astra

* Max Attendance: 20

Add Meeting Cancel

Enter the next group dates/times (Tuesday and Thursday 1:00 – 2:00 p.m.). Follow the exact instructions above. Click on **Add Meeting**.

Add Meeting Cancel

- 4) The steps are similar to the ones above. When selecting a room, select the **"Assign Rooms"** tab.

Recurring Events

The Recurring option allows you to create a series of event meetings that repeat in a pattern. To create this type of event, you must simply define your desired recurring pattern using the options provided.

Add Recurring Events

1. When the Create Event window is opened, select **Recurring**.

Create Meeting(s)

☐ Single ☐ Multiple ☒ Recurring

Start Time: 8:50 AM End Time: 10:10 AM

Recurrence Pattern

☐ Daily ☒ Weekly ☐ Monthly ☐ Yearly

Recur every 4 week(s) on:

☐ Sunday ☐ Monday ☐ Tuesday ☐ Wednesday ☒ Thursday ☐ Friday ☐ Saturday

Start: 06/17/2025 ☐ End after 10 occurrences ☒ End by 02/27/2026

Recurrence Summary

Every 4 week(s) on Friday effective 06/17/2025 until 02/27/2026

* Meeting Name:

* Max Attendance:

see note: "Max Attendance" is required to select available rooms with the number of seats you are

Today

2. Select **Start Time** and **End Time**.
3. Select a recurrence pattern and configure the applicable recurrence options.
4. Select a **Start Date**.
5. Specify either a number of occurrences or an end-by-date.

- Steps are similar to the ones above in selecting a room, select the “**Assign Rooms**” tab.

The example above was a recurrence pattern for fourth Friday of every month for a year.

Cancellations or Reschedules

To cancel or reschedule an event or meeting, you submitted a request form; please email the campus executive assistant ([click here](#) for a list of all campus executive assistants or executive dean assistants). You must provide the **reservation number** for your request or specify **the reservation**: Title of Event, dates, time, and room number.

For any room request requiring Plant Ops or Facilities assistant, please request via facilitiesmaintenance@collin.edu.
