Program Benefits

- Flexible scheduling (days, evenings, online)
- Full- and part-time enrollment
- Photographic Arts Lab and Digital Photographic Arts Learning Center provide materials and facilities for students to experience equal-opportunity, professional-level access to photographic equipment and processes.
- Classes taught by award-winning faculty who collectively have over 70 years of experience in commercial and/or fine art photography including studio operations management, personal business, editorial, gallery curatorial experience, and exhibitions.

About Collin College's Program

A two-year degree will equip you with the skills needed to enter the commercial photography field. Courses cover studio lighting, advanced digital and software applications, studio management, and contemporary trends in the industry. The program hosts a variety of internships with professional studios and/or professional photographers. Learners complete the program with relevant skill sets and real-world experience.
