

Computer-Aided Drafting and Design (CADD)

Develop the blueprint for your future. As a Computer-Aided Drafting and Design professional you will use specialized software to create blueprints, schematics, digital models or plans showing how a structure should be created. Use your skills in engineering, architecture, mechanical, or electrical career pathways.

Career in Drafters

Avg. Starting Salary: \$43,000

Average Salary: \$64,100

Projected Job Growth: 17.9%

The average salary listed reflects the mean average wage for workers in this industry, while the average starting wage is tied to workers at the beginning of their careers. The earning potential for employees with certifications and associate of applied science degrees may exceed the average salary.

*Data for Collin County obtained from JobsEQ and O*Net*

Note: Average salary for occupation as of 2023 and job growth projected from 2023-2029

Develop a Plan for Your Future
