

# Collin College Farmersville Campus

## The Collin College Farmersville Campus

opened in Spring 2021, providing new opportunities in a growing community. Located at the northeast corner of Audie Murphy Parkway (U.S. 380) and County Road 611, the campus provides greater access to higher education facilities for the residents of eastern Collin County.

## *FAST FACTS*

- The Farmersville Campus is 52,000 square-feet.
- The campus offers academic transfer courses as well as selected workforce programs including agriculture, business management, information technology, health sciences, logistics, and other new programs in development.
- Facilities include classrooms, labs, a library, an Anthony Peterson Center for Academic Assistance (tutoring), a testing center, a career center, a bookstore, and all student and enrollment services functions.
- The campus site provides space to accommodate additional facilities based on enrollment growth and will support 1,250 students.
