Collin has many programs that can compete in the competitions and only took a few programs last year. They had several student medals in various competitions. They have even more students interested even after submitting. Randee advised that fundraising is not allowed as part of a SAFAC request – the department will have to cover any overage.

Presenter: Joshua Gage Parnell

Over 180 members in the Collin College eSports club – over 300 members in their Discord. The request is for their open-game events, and they have an event planned for April. The Wylie campus library has offered to store and let all students check them out. They can hold the equipment for their specific events. Advised about the concessions and fundraising policy. Agreed that the SAFAC-purchased equipment would not be used for the tournament part of the event. They do have some separate equipment.
