

Collin College - Continuing Education

COURSE SYLLABUS

COURSE INFORMATION

Course Number: LOGI 7565

Course Title: Forecasts and Customer Orders

Course Description: Discover how forecasts and customer orders are used by systems to generate the material and capacity plans. Follow the flow of product from receipt of customer order, through the warehouse, shipping and final receipt of the customer. Differentiate the terms and techniques to accomplish tasks in this area.

Suggested Course Prerequisite(s): Material Planning Basics

Course Resources: N/A

Student Learning Outcomes:

1. Discover how forecasts and customer orders are used by systems to generate the material and capacity plans
2. Follow the flow of product from receipt of customer order, through the warehouse, shipping and final receipt of the customer
3. Differentiate the terms and techniques to accomplish tasks in this area

Certification Notes: Part of certificate series.

Next course recommendation: Purchasing and Receiving Raw and Purchased components

Refund Policy: Please refer to www.collin.edu/ce/infoRegistrar.html for our refund policy. No refunds after the start time of the first class.

Americans with Disabilities Act: Collin College will adhere to all applicable federal, state and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal opportunity. It is the student's responsibility to contact the ACCESS office, SCC-D140 or 972.881.5898 (V/TTD: 972.881.5950) to arrange for appropriate accommodations. See the current *Collin Student Handbook* for additional information.

Course Sessions: Listed are guidelines to indicate all topics that will be covered during your course. Do not plan your personal calendar based on these sessions. Your instructor will give you a calendar for your class that will indicate specific topics, assignments, and days.

Lesson Plan – by week or session:

Session 1: Introductions and syllabus. Student Data Forms.

Forecasts and orders
Generate material and capacity plans

Session 2: Flow of product

Warehousing
Shipping and receiving

Method of Evaluation: Unless otherwise stated, course completion is evaluated on the basis of attendance. Students must be in attendance 90% of each course in a certificate series for successful completion and to earn a certificate as specified.
