Estimated Program Cost = $595*

*Based on in-county tuition rates.

Did you know... With the ageing population and increased need for assisted care, CNA’s are in high demand and easily employable!

CNA Course Details:

- Fall and Spring CNA classes are offered at the Collin College Celina, Technical, and Wylie Campuses. Summer CNA classes are offered at the Technical Campus.

- The CNA lecture, lab and clinical rotations are all conducted within the timeframe of the scheduled course.

- Course schedules vary depending on the campus and the semester, ranging from 7 to 16 weeks in length.

What will I learn?

NURA 1301 Nurse Aide for Health Care (3 Credit Hours)

- Knowledge, skills and abilities essential to provide basic care to residents of long-term care facilities.
- Resident’s rights, communication, safety, observation, reporting and assisting residents in maintaining basic comfort and safety.
- Emphasis is on effective interaction with members of the health care team, restorative services, mental health and social service needs.

NURA 1160 Clinical – Nursing Aide (1 Credit Hour)

- A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts.
- Direct supervision is provided by the clinical instructor.
- **Prerequisite**: NURA 1301 or consent of Program Director.
- **NOTE**: All students are required to provide their own reliable transportation to and from clinical rotation sites.

Where can I work and how much will I make?

CNA’s can work at nursing homes, home health agencies, long-term care facilities and some hospital settings.
