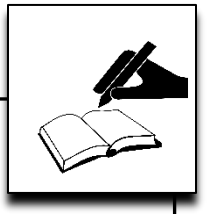
Both

What about the Essay Portion?



When writing your essay:

- Do not worry about formatting
- Aim to write 500 words
- Have an introduction with a thesis
- Argue your thesis with 3 supporting paragraphs
- Finish your essay with a conclusion
- Reread your essay and edit for capitalization, punctuation, and spelling

You can find more information **here**:

Tip

For the multiple choice ELAR portion, you will be given a paragraph to read. Below each paragraph, you may have 3 – 5 questions referring to that paragraph (one at a time):

- Try and analyze the literature to understand its meaning.
- Learn to draw conclusions based on the information given.
- Try to understand the author's intent through the main ideas stated.

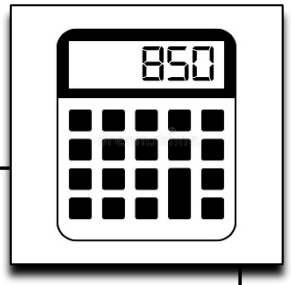
Khan Academy

https://www.khanacademy.org/math/

Khan Academy has a math program that includes 16 Units. Students have reported that completing all of the units has improved their college math readiness.



What math do I need to know?

In order to reach college readiness in math, here are some (but not all) of the problems you may have on the test:

- Elementary Algebra and Functions
- Intermediate Algebra and Functions
- Equations and Inequalities
- Geometry and Measurement
- Linear Equations and Graphs
- Data Analysis, Statistics, and Probability
- Quadratics
- Irrational Numbers
